Dear Megan,

Please find enclosed in this letter the consent form asking your permission to upload onto YouTube the videos students in English IV created about poverty and hunger in Hamilton County. I am very pleased with the final results, and I'm anxious to upload them to YouTube so you can access them. Since they are on YouTube, you can also show them to the foundation board members at your next meeting (if you have Internet access). Please also find enclosed a self-addressed, stamped envelope for the return of your consent form.

It was a pleasure working with you and discovering so much more about what we, as citizens, can do! In students' reflection upon this project many of them expressed a lack of awareness about the needs of the impoverished in our locale. We hope to collect food items to contribute to the Food Pantry and Backpack Program!

Many thanks,

Dr. Cathie English
English IV instructor
