Reflective Letter

Please use the space below to write a reflective letter about the entire process of creating your fact sheet, flyer, and video about Hamilton County poverty and hunger. Please think about the following questions as you write your letter. What was your experience discovering information about poverty and hunger in Hamilton County? What did you learn about the services provided to our community? What is the importance of knowing about these statistics and services for the well being of our citizens? What are two things you learned that you didn't know before we investigated poverty and hunger? What did you learn about writing and digital media throughout this process? What is the most important lesson you learned from this project?
